

# Mary Magdalene

A Leader for the First and  
the Twenty First Centuries

November 2, 2024

SLC, UT

Presented by Dr. Shirley Paulson

Christians have imagined Mary Magdalene as the repentant prostitute for well over a thousand years, but now, after the discovery of the Gospel of Mary and other early Christian writings, we know there is not a shred of truth to that. She was also the one person most closely associated with the resurrection of Jesus. Was she actually one of Jesus's disciples? Or even the first apostle? In our own complex and confusing world of the 21st century, what we learn from Mary can startle us with refreshing spiritual insights. They are profoundly relevant today for men and women who resonate with the teachings and acts of Jesus.
